How To Buy on Auction

1. Ensure you have funds available!!
2. Go to auction page check timer and wait for auction to open.
3. All members are anonymous so choose any block, the amount and time and click on bid
4. If successful, the payment page will open
5. Note the member payment details and do an immediate payment.
6. Upload POP for member to approve
7. Wait for member to approve - When approved it will be under SELL MY RAND to mature

How to sell on Auction

1. Go to SELL MY RAND and see what totals have matured.
2. Click on "sell now"
3. Your amount will be added to the next auction
4. Wait for someone to buy
5. Approve the POP after verifying payment
6. Spend cash in bank daily or compound it

Important notes

1. Auctions are open every evening from 20:00 for 30 minutes
2. There will be flash actions with special packages – This will be announced in advance at before times
3. Buyers and sellers have a countdown timer when making payment and approving payments - if the timers runs out the system will suspend the accounts. - Contact support
4. SO, if you know you are buying be ready and selling be ready to receive payment
5. This is strictly members to members - no money goes via a central point or website
6. Make sure your banking details are correct. Wrong details = no money = your fault!
7. Support is available to assist support@revolva.co.za
